CONTIPI LTD.

1. This International Searching Authority

- (i) considers that there are 2 (number of) inventions claimed in the international application covered by the claims indicated on an extra sheet:
- (ii) therefore considers that **the International application does not comply with the requirements of unity of invention** (Rules 13.1, 13.2 and 13.3) for the reasons indicated on an extra sheet:
- (iii) ☒ has carried out a partial international search (see Annex) ☐ will establish the international search report on those parts of the International application which relate to the invention first mentioned in claims Nos.:
see extra sheet
- (iv) will establish the international search report on the other parts of the international application only if, and to the extent to which, additional fees are paid.

2. Consequently, the applicant is hereby invited to pay, within the time limit indicated above, the amount indicated below:

EUR 1.700,00 x 1 = EUR 1.700
Fee per additional invention number of additional inventions currency/total amount of additional fees

3. The applicant is informed that, according to Rule 40.2(c), the payment of any additional fee may be made under protest, i.e., a reasoned statement to the effect that the international application complies with the requirement of unity of invention or that the amount of the required additional fee is excessive, where applicable, subject to the payment of a protest fee. Where the applicant pays additional fees under protest, the applicant is hereby invited, within the time limit indicated above, to pay a protest fee (Rule 40.2(e)) in the amount of EUR 750,00 (currency/amount)

Where the applicant has not, within the time limit indicated above, paid the required protest fee, the protest will be considered not to have been made and the International Searching Authority will so declare.

4. ☐ Claim(s) Nos. _____ have been found to be unsearchable under Article 17(2)(b) because of defects under Article 17(2)(a) and therefore have not been included with any invention.

INVITATION TO PAY ADDITIONAL FEES

International application No.

PCT/IL2009/000443

This International Searching Authority found multiple (groups of) inventions in this international application, as follows:

1. claims: 1-35

A vaginal pessary comprising a state changing mechanism which does not use fluid flow to cause state change.

2. claim: 36

A vaginal pessary comprising a state changing mechanism which does use fluid flow to cause state change.

The common concept linking first subject, claims 1 - 35 and second subject, claim 36 (being dependent on claim 35) is providing a vaginal pessary comprising a state changing mechanism. However, this concept is already known from document WO-A-2006/097935 (D1) (see page 43, line 24 - page 44, line 33; figures 19A-19C).

No single general inventive concept which links the two different identified subjects can be defined (Rule 31.1 PCT). Therefore, unity of invention is lacking
